

**Water, sanitation, hygiene,
waste and electricity services
in health care facilities:**

progress on the fundamentals

2023 Global Report

All welcome to a post summit WASH in health care facilities webinar

On 12 June, the global progress report on WASH, waste and electricity services in health care facilities was launched at a global summit in Jordan.

What are the main findings of the new global progress report?
What happened at the global summit?
What will happen next to achieve the needed actions?
What can countries and partners do?

Join us on **6 September** to hear more!
